APPENDIX D. FUNDING SITUATION ASSESSMENT

Fix Exhibit 10 to replace the comparison of Park Impact Fees same as Section 9.3. Also correct “error” in cross reference to refer to Section 6.

IMPACT FEE RATE STUDY

To maintain the current per capita share of investment, the ~~County’s~~ City’s total investment in its parks and ~~recreation trails~~ system would be over \$6.98 million (2017\$) or \$7.1 million if adjusted to 2018\$. The proportionate share to be contributed by new growth through proportionate share adjusted GMA impact fees is estimated below.
