

City of Sumner

2017 IDDE Tracking

| Address                | Type of Discharge | Incident Date | Description  | IDDE Resolution Date |
|------------------------|-------------------|---------------|--|----------------------|
| 24th and 142nd         | Oil               | 1/17/2017     | Truck flipped around corner coming southbound towards 142nd. Spilled oil on ground. PD responded and created dirt berm to block oil from entering storm system. Shops cleaned up, left absorbent booms in catch basin and checked for next week.   | 1/17/2017            |
| 5410 Graham Ave        | Paint             | 3/29/2017     | Wet paint in trash can spilled while being dumped by garbage company. No paint made it to storm, garbage company cleaned up that day, public education sent to homeowner.  | 3/29/2017            |
| Main St and Valley Ave | Oil               | 5/1/2017      | Car accident in intersection reported by PD. All surface oil cleaned up with granular absorbent. Catch basins checked and absorbent booms placed in 11 catch basins. Outfall observation didn't show any oil at river.   | 5/1/2017             |
| 6616 166th             | Car Wash Water    | 11/28/2017    | Car dealership set up wash bay under tarp outside. wash water was going to storm pond. Sent letter to cease, discussed options. Working on building enclosed wash bay, temporarily put in place water reclamation.   | 12/18/2017           |
| 6621 166th Ave E       | Sewage            | 12/19/2017    | City of Sumner was notified that sewage is overflowing out of the manholes in this parking lot, before the pump station. No catch basins were impacted. City of Sumner has notified complainants and WinCo that property management needs to resolve this since it is on their private property. ERTS # 677985 | 12/19/2017           |
