

## **ITEM #2: ADA UPDATE**

ADA project accomplishments, future projects and anticipated challenges is part of the City's Americans with Disabilities Act Transition Plan. In 2016, 32 ramps and 497 linear feet of sidewalk were installed at a cost of \$91,330 as part of WOADA. In 2017, 15 ramps and 1,031 linear feet of sidewalk were installed at a cost of \$146,570 as part of CIP17-11. In 2018 there will be several sidewalk related projects. This includes the Volunteer Sidewalks (7 locations), Sound Transit Station Access Improvements (13 locations), School District Improvement (1 location), ADA Accommodation Request (1 location), Amazon Crossing (1 location). The only challenge anticipated is if a reasonable accommodation is requested in the final months of the biennium.
