Scott,

If you want to process a reconsideration under SMC 18.56.177 and SMC 2.58.150, we can do that. All hearing participants need to be notified. No new evidence may be submitted.

The other option is of course an appeal.

Hi Emily,

Thanks for getting that over to me. I do have a question/concern on #5. Our engineers had been uneasy about a mid block crossing at that location on Main Street.

Thanks,

Scott,

I'm assuming with that final communication regarding the SEPA, the record is closed. Here's the decision.

Thanks very much,

Emily
