We realize there is funding in the LEOFF1 Pension account, and we realize the State is balancing a budget deficit. However, we're not sure you realize that cities still have costs associated with retired LEOFF1 employees, costs that only continue to rise. There are still plenty of employees living who need increasing payments from cities for health care and long-term care. If this fund is being redirected, at least a portion should go to the cities who are already bearing the costs for LEOFF1 medical care.
