CITY OF SUMNER
REQUEST FOR QUALIFICATIONS FOR CONSTRUCTION
MANAGEMENT SERVICES FOR FEDERAL AID PROJECT TAP-CM-HLP-1270(012)
FRYAR AVENUE SHARED USE TRAIL, CIP 14-01

INTRODUCTION

The City of Sumner is seeking Statements of Qualifications from qualified consultants to provide Construction Management Services for the Fryar Ave Shared Use Trail Project to include construction management services, construction inspection, construction administration/document control, and special inspections. The Professional/Consultant Services Contract will be for approximately 18 months in duration with the option for the City of Sumner to extend it for additional time and money if necessary. Payment for services will be made on a time-and-materials basis in accordance with the consultant's approved hourly rates and reimbursable expenses, subject to a negotiated not-to-exceed amount. Consultants will be considered for the following project.

The City of Sumner reserves the right to amend terms of this "Request for Qualifications" (RFQ) to circulate various addenda, or to reject all responses and withdraw the RFQ at any time, regardless of how much time and effort consultants have spent on their responses. Sumner may waive informalities in the process of evaluating responses. If not rejected, the City may require the correction of any deficiency in a response and accept the corrected response. This solicitation does not obligate Sumner to accept or contract for any services. Any resulting contract is subject to approval and may be rejected if it fails to confirm to City contracting specifications and guidelines.

PROJECT BACKGROUND:

The Fryar Avenue Shared Use Path serves as a vital piece to the Sumner Link Trail and will support safe pedestrian movement along Fryar Avenue. The project will consist of constructing a shared use path along Fryar Avenue from Puyallup Street to West Main Street. An elevated boardwalk will make up a section of the trail at the south end of the project. Additional information about this RFQ can be found at <https://sumnerwa.gov/> or by contacting Andrew Leach at bids@sumnerwa.gov or (253) 299-5711.

There is no FSBE Goal associated with this project for consultant construction management services.

Expected Tasks

The City is seeking a full suite of Construction Management, Construction Inspection, and Construction Administration/Document Control services. The following tasks are examples of some that are expected of the consultant:

- Lead weekly meetings with the City, contractor, and engineer.
- Change management.
- Risk management.
- Contractor schedule review and coordination.
- Track and review contractor RFIs and submittals, coordinate responses.

- Prepare/maintain documentation including: inspection logs, daily reports, force accounts, material testing, pay estimates, serial letters, pre-construction, daily photo documentation, and meeting notes, and required material records per federal requirements.
- Monthly Pay Estimates.
- Force account tracking and pricing.
- Ensure contractor is utilizing and maintaining Temporary Erosion and Sediment Control (TESC) best practices.
- Inspecting and ensuring the project red-lines/record drawings are up to date.
- Identifying and tracking construction quality issues and problems and recommending potential solutions.
- Monitor deliveries of material for quantities and acceptance criteria.
- Use of cloud-based document control system that will be accessible to the City.

Consultant Qualification

The Statement of Qualifications (SOQ) should describe the composition of the proposed team, the qualifications of the key individuals identified on that team, and the relevant experience of the team on similar projects.

The SOQ should:

- a) Include resumes for key staff to include experience with construction methods used on this project;
- b) Detail the team's experience in managing at least three (3) similar type projects within the past 3 years;
- c) Demonstrate experience managing contractor payments, estimating and drafting change orders, contractor schedule review, protests and claims, and processing submittals and RFIs;
- d) Demonstrate familiarity with construction methods and requirements being used on this project, and
- e) Demonstrate familiarity with WSDOT/FHWA Standards and requirements, and
- f) Include no less than three (3) Past Performance references.

Respondents may include sub-consultants within their project team.
